SUMMARY

Computer Science student with experience in leadership, digital operations, business outreach, and web applications and digital systems. Skilled in client communication, CRM systems, branding, and collaborative development environments. Experienced in relationship development, operational support, and creative problem-solving with a strong ability to adapt quickly to new technologies and business needs. Trilingual in English, Spanish, and Haitian Creole.

PROJECTS

Scholar — *Student Collaboration Platform*

- Collaborated on development of a student-focused web platform featuring authentication systems, database integration, and cloud deployment
- Assisted with frontend implementation using HTML/CSS and troubleshoot deployment issues via Render and PythonAnywhere
- Worked with SQL/MySQL database structures supporting authentication and user data management workflows, and performed application testing across development cycles

SharkNet — *Student Q&A Platform*

- Supported development of a centralized platform for student communication and peer tutoring opportunities
- Collaborated on debugging and deployment troubleshooting across multiple development iterations, supporting UI implementation and backend integration
- Contributed to version control workflows and code reviews using GitHub

Portfolio & Branding Work

- Designed custom flyers, logos, and digital branding assets for organizations and clients
- Created marketing visuals and promotional materials for outreach campaigns and events using Canva and related tools

EXPERIENCE

Code Ninjas LLC | Assistant Center Director | 11/2024 – Present | Cooper City, FL

- Generated and followed up on leads, closing tours with a 65–80% success rate, driving consistent new enrollments
- Conducted in-center and offsite tours, presenting program benefits and converting prospects into enrolled students
- Managed shift schedules, assigned staff, and oversaw daily operations to maintain service quality standards
- Reviewed performance metrics in MyStudio and LineLeader CRM, identifying trends and optimizing workflows
- Interviewed, hired, and trained staff to uphold company standards and improve the overall customer experience
- Organized and executed offsite sales events, generating new business and increasing brand visibility in the community

One World Quest | Assistant Executive Director | 11/2024 – Present | Remote

- Coordinated outreach initiatives with school districts, organizations, and businesses to establish partnerships and collaborative opportunities
- Assisted in development of marketing materials, flyers, and organizational branding assets for campaigns and initiatives
- Managed communication pipelines and relationship-building efforts with external partners and stakeholders
- Contributed to logo design and visual identity development to support organizational branding goals

Seminole Middle School | Mentor / Senior AmeriCorps Member | 08/2024 – 06/2025 | Plantation, FL

- Delivered educational presentations to groups of 20+ students, coaching public speaking skills and boosting classroom engagement

- Mentored students one-on-one, tailoring guidance and feedback to build trust and foster academic growth
- Led collaborative planning sessions with teachers and staff to develop intervention strategies and monitor student progress
- Organized and moderated peer discussion groups, promoting student voice, collaboration, and ownership in learning

NSU Housing Office | FOS Staff | 04/2024 – 08/2024

- Fielded and responded to 50+ parent and student inquiries daily via phone and email, providing clarity and resolving issues promptly
- Opened and initialized office systems daily, streamlining operations and improving workflow efficiency
- Coordinated with team to execute housing office tasks, ensuring service levels were met and processes ran smoothly

Barnes & Noble | Staff Member | 01/2024 – 08/2024 | *Pembroke Pines, FL*

- Processed customer purchases, answered product questions, and made personalized recommendations to drive add-on sales

Chick-fil-A | Shift Lead | 01/2023 – 01/2024 | *Naples, FL*

- Led a team of 5+ employees across workstations during peak hours, maintaining high customer satisfaction and service speed
- Operated POS to accurately process orders, managed transactions, and increased sales through upselling strategies
